Professional Summary

Innovative UX/UI designer with a background in coding and a strong focus on data visualization, accessibility, and user research. Experienced in designing complex applications for decision-making, business intelligence, and high-performance computing. Passionate about creating intuitive, visually compelling interfaces that bridge user needs and technical execution.

Skills & Expertise

User Experience (UX): Research, wireframing, user flows, interaction design
User Interface (UI): High-fidelity prototyping, component libraries, design systems
Data Visualization: Complex dashboards, analytics tools, and monitoring interfaces
Accessibility & Usability: Inclusive design (WCAG), cognitive load optimization
Design Tools: Figma, Sketch, Adobe Creative Suite
Front-End Knowledge: HTML, CSS, JavaScript (advantage)
Collaboration: Cross-functional teamwork with developers, PMs, and stakeholders
Branding & Identity: Logo design, style guides, and brand consistency
Employment History

Employment History

UX/UI Designer Intune, Tel Aviv

MAY 2023 – PRESENT

UI/UX initiatives for enterprise-level applications, focusing on high-performance computing solutions. Designed data-driven dashboards and monitoring tools, improving analytics accessibility. Created scalable design systems, enhancing efficiency and consistency across teams. Conducted UX research and user testing to refine complex workflows.

User Experience Designer, Tap Mobile, Beersheba

JUNE 2022 – MAY 2023

Spearheaded the design of multiple high-impact applications with a focus on user engagement. Analyzed user behavior through funnel analytics to optimize UX strategies. Collaborated with PMs and developers to integrate seamless experiences. Applied best practices in typography, color theory, and iconography for intuitive UI.

UX/UI Designer, Qualish, Beersheba

MAY 2020 – DECEMBER 2020

Translated customer needs into wireframes, workflows, and interactive prototypes. Designed end-to-end experiences, ensuring usability for diverse user bases. Worked closely with high-level management to align UX goals with business strategy.
